# CUBE

Step into the future of flexible workspaces with ESPES Cube, a movable, noise-reduction pod designed to bring comfort, privacy, and productivity to any open space. From individual phone and focus pods to team collaboration and meeting pods, each ESPES Cube can be customized to your organization's unique needs.

Perfect for offices, hotels, universities, airports, libraries, shopping malls, and other commercial spaces, ESPES Cube transforms any area into a safe haven of creativity and focus.

More than just a product, ESPES Cube represents a new way to work – offering a quiet, inspiring environment for every creative mind.

**CUBE L**

**CUBE L2**

**CUBE CUSTOMIZED**

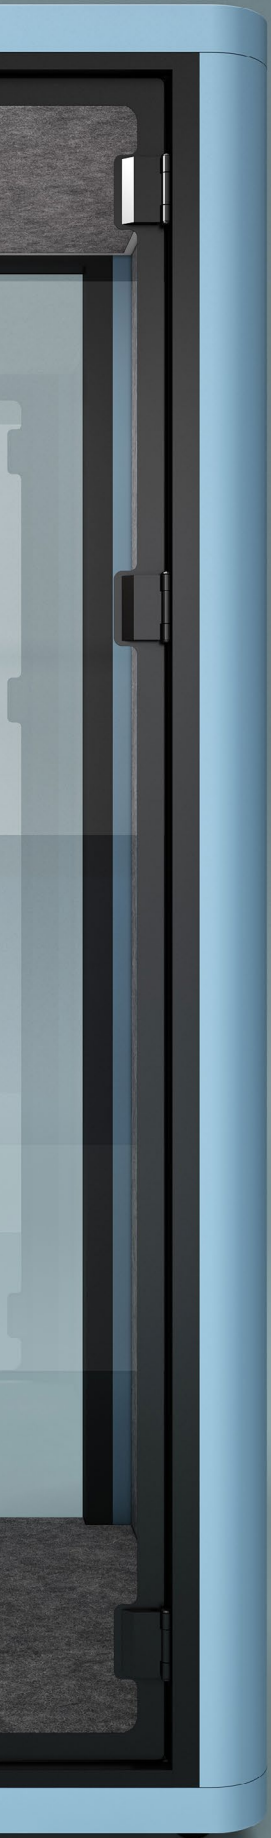

**In both mobile and fixed modes,  
the use of space is unlimited.**

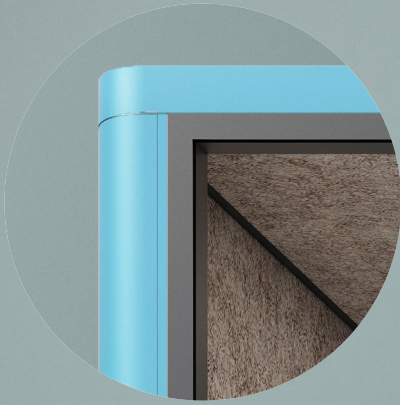

Sound insulation **32dB**

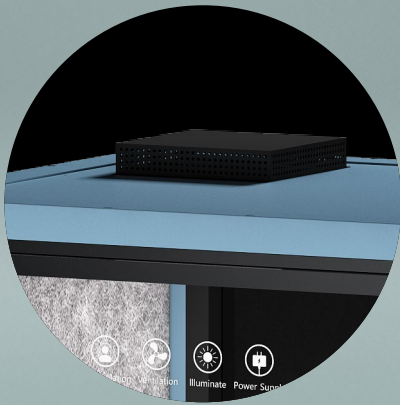

## **A better sound-absorbing material creates a more immersive experience.**

To achieve a more comfortable and effective level of sound reduction, ESPES Cube uses a dense multi-layer structure and environmentally friendly acoustic materials. The moment the door closes, peace and focus take over.

**All-around safety edge design**

**Silent air-intake system ensuring fresh airflow**

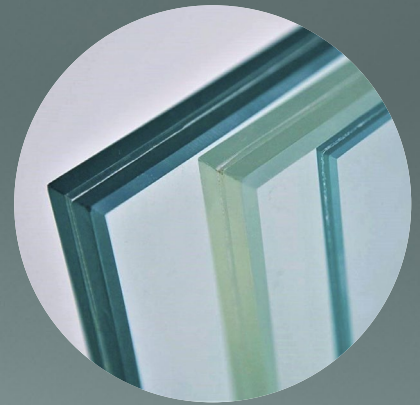

**Ultra-quiet air-outlet system**

**Multi-layer structure  
for more efficient noise  
reduction**

**Ultra-clear tempered  
glass for an even clearer  
view**

**Durable,  
high-strength metal  
hinge**

## PUBLIC RECREATIONAL AREA

# LARGE MULTI-PERSON MEETING CUBE-CUSTOMIZABLE

## RECORDING ROOM

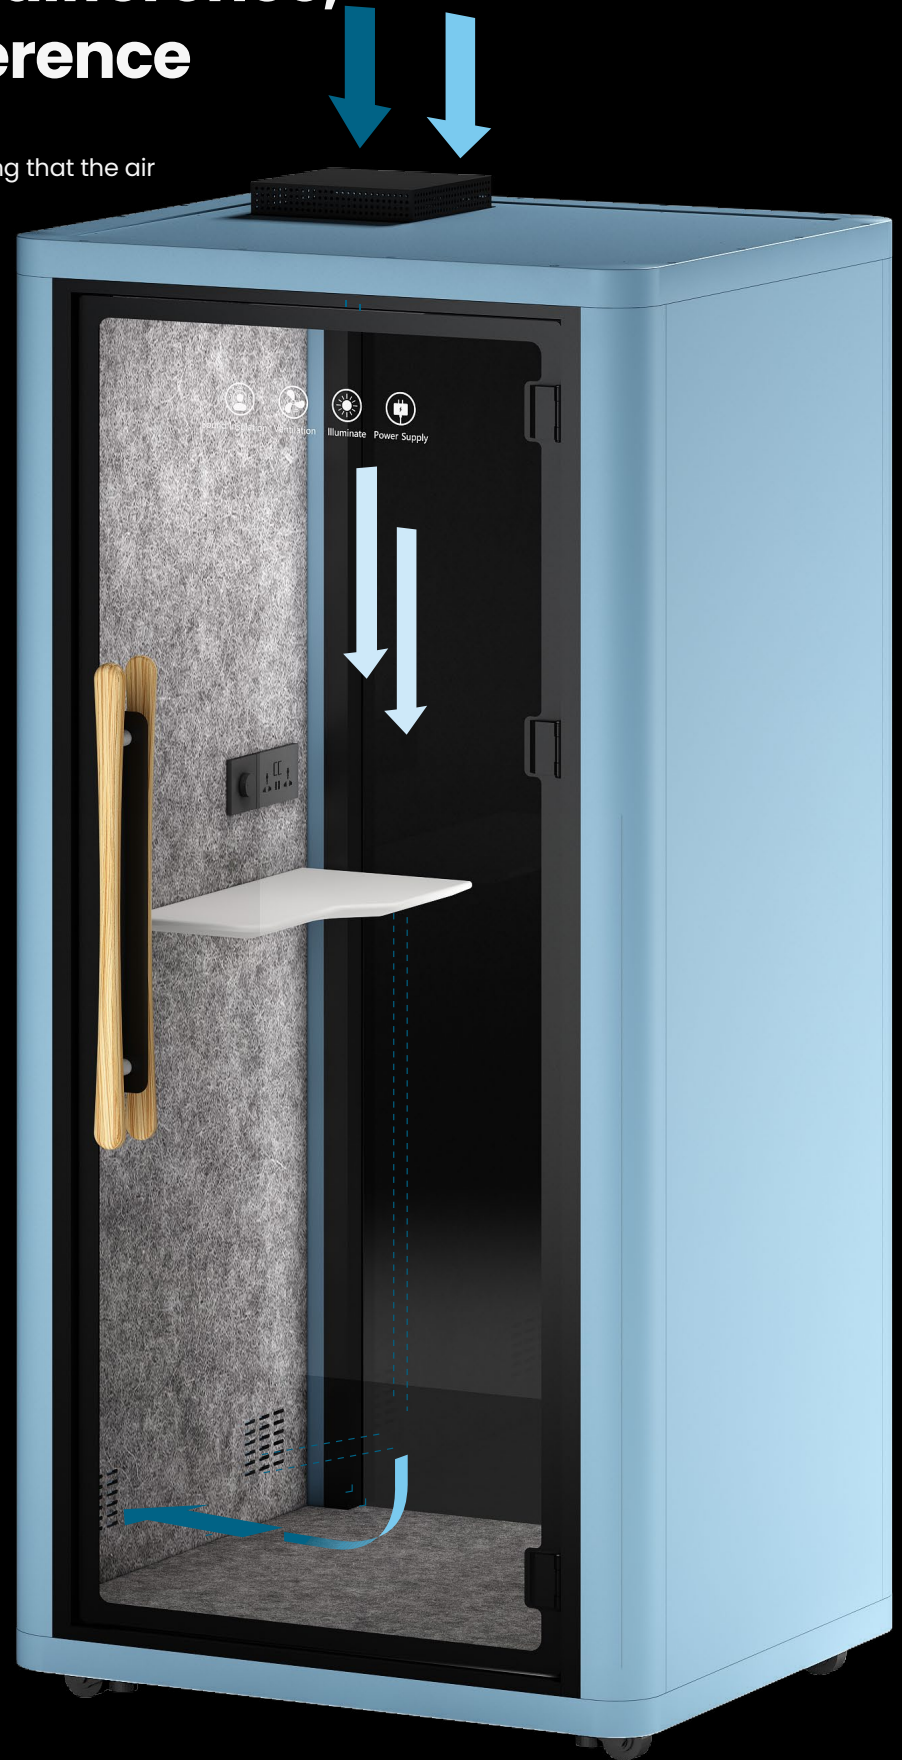

## REHEARSAL ROOM

# No temperature difference, no pressure difference

ESPES Cube uses silent fans for air exchange in both the intake and exhaust vents, ensuring that the air pressure and temperature inside remain the same as outside.

# Air exchange is easy and quiet

ESPES Cube uses a centrifugal fan for for both air intake and expulsion, ensuring smoother airflow at lower speeds and significantly reducing interior noise.

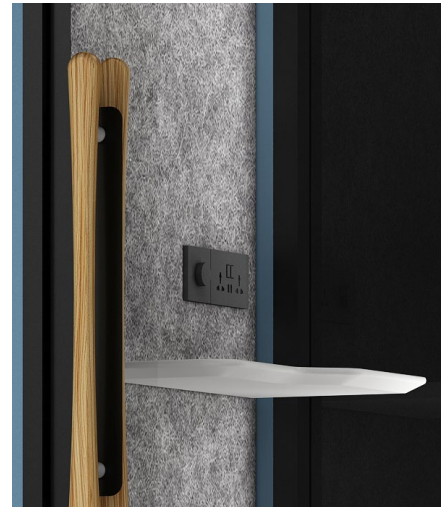

## GENERAL CONFIGURATION

**LED Light**  
4000K natural light, light source meets visual health standards

**Bioinfrared Sensor**  
Lighting fixture lights up dynamically when a person enters

**Universal Socket**  
For 100–240V / 50–60Hz power supply system

**Beech Handle**  
Skin friendly

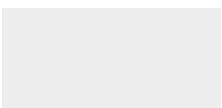

**Alloy Handle**  
Easy to hold, quick open and close

**Adjustable Wheels**  
Mobile and fixed mode: adapts to different spaces
